

Dear Parents and Carers,

The safety of students is our priority and under WA laws, only individuals aged 16 and over are permitted to use eRideables or eBikes with the motor engaged.

On the 2 February 2026 (first day of Term 1), the Department of Education introduced a ban on the use and storage of eRideables and eBikes on public schools grounds by students under the age of 16. This ban supports student safety and aligns with road safety laws.

From Term 1 2026, if a student **under 16** brings an eRideable or eBike on Millars Well Primary School grounds, students will be unable to walk it off school grounds and parents/carers will be contacted to collect the device.

Examples of **eRideables** include:

- eScooters
- eSkateboards
- hoverboards
- eSkates
- eUnicycles.

An **eBike** is a power-assisted pedal cycle that:

- has a motor with a maximum power output up to 250 watts.
- needs human power to make it move - it is not meant to be ridden using the motor alone (like a motorcycle).

Please be aware that not all eRideables or eBikes sold in WA are legal to ride on WA roads and paths. Visit the Road Safety Commission for more information on [eRideable](#) and [eBike](#) laws, penalties, buying guides and safety.

Thank you for your support in keeping our students and school community safe.

Kind regards,

Fiona Byrne
Principal
